

CRUNCH time with Edie the Excavator!

Cloe took some selfies with Edie as they tore down the warehouse. Can you find the **SIX** differences between her two snapshots?

Edie's Favorite Tools

1. Edie's **concrete cutters** can tear down big, strong materials like steel.

2. **Hydraulic shears** help Edie cut large pieces into small bits.

3. Edie uses an **excavator grapple** to scoop up all the material they take down.

4. Safety first! Edie always makes sure their crew wears **hard hats** for protection.
